For public servants and elected officials, may God grant them the humility, wisdom, and courage to defend all human life, let us pray to the Lord: "There is such a wide spectrum of issues involving the protection of human life and the promotion of human dignity. Good people frequently disagree on which problems to address, which policies to adopt and how best to apply them. But for citizens and elected officials alike, the basic principle is simple: We must begin with a commitment never to intentionally kill, or collude in the killing, of any innocent human life, no matter how broken, unformed, disabled or desperate that life may seem. In other words, the choice of certain ways of acting is always and radically incompatible with the love of God and the dignity of the human person created in His image."
